President's corner:

On a recent trip to our nation's capitol, Board member Lorraine found out what it means not to bring your driver's license with you to the airport!! At Mosinee, she barely managed to get through security 3074 using her Marathon County courthouse issued picture ID, and business card, followed with extra frisking and full inspection of all her personal belongings. Luckily she was not wearing her 18 hour under-wire. (*Last time we travel with you, Lorraine!!*)

We were then all paranoid about what the security in Washington, DC would say about her official looking courthouse ID card! Surprisingly, she never had to flash identification in any of the public buildings we entered. Thankfully, Lorraine was NOT in charge of the hotel booking. On the way back, Lorraine again "enjoyed" the frisking so much so, that she followed Senator Feingold back through the security checkpoint for a chance to talk with him 6852 and had to start all over again!

Moral of the story. When traveling, don't lighten your purse by leaving the driver's license on the dresser. You just may end up stranded in baggage claims.

What's Up with.....Gail

First of all I would like to say a "big hello!" to the members of the credit union. I have been working here for a very short time and am VERY happy to be here.

My husband Mike works for the Parks Department. We moved to Wausau from Superior in 1977. At some point in my life I would like to move back and live on the shore of beautiful Lake Superior.

Mike and I have one daughter named Roberta. She is going to the University of Minnesota in Minneapolis to become a pharmacist. 992 It sometimes feels to her dad and I that she is going to be in college forever, but in the end it will all be worth it. Sorry to say this, but, YES, I am a big Minnesota Gopher fan. :)

We also share our home with two pets, Rascal and Precious. Rascal is a thirteen year old Lhasa apso that is spoiled rotten, and Precious is an eight year old cat with an attitude. We wouldn't know what to do without either one of them.

Better service is ALWAYS a Better Value!
